# ALAA EDDEN ATARBAN

## PROFILE

I'm a computer engineering graduate and I'm excited to put my skills to the test and learn more about the industry. I developed a solid background in programming using JavaScript and c++, and gained experience building applications using Node.js and Express. I'm mainly focused on full-stack development.

## PROJECTS

### **NewEnglish: online course web app.**

a full-stack project where a user can make an account, subscribe to courses, watch and ask questions under each lesson.

Live :

[Zno \(newenglsih.onrender.com\)](https://newenglsih.onrender.com)

source code :

<https://github.com/alaato/NewEnglish>

### **CampAdvisor: camp rating web app.**

a crud web app where a user can make a new and edit camp, review and add comments.

Live :

[campAdvisor \(campadvsior.onrender.com\)](https://campadvsior.onrender.com)

source code :
